need one.

Say NO to IMF and World Bank Corporate Rule

This year marks the 60th anniversary of the World Bank and International Monetary fund. For 6 decades these institutions have promoted inequality and hardship for ordinary people here and around the world. This month, global protests will target their oppressive practices that undermine million's of people's economic and social well-being. Join us as we take the fight to their headquarters in Washington, DC.

Major Mobilization April 24th

Washington, DC

Help organize the mobilization to Washington, DC for the protest!
